

# Pingbo Hu

*Residence/domicile:* 722 West 168th Street, New York, USA, 10032

*E-mail:* pingbo.hu@gmail.com

## Education

---

### Ph.D. in Statistics

Western University, Canada

*Thesis: Statistical Learning of Noisy Data: Classification and Causal Inference with Measurement Error and Missingness*

Sep. 2020 - Sep. 2024

*Supervisor: Grace Y. Yi*

### Master's degree in Statistics

Sichuan University, China

*Thesis: A Distributed Variational Inference Algorithm for Gaussian Mixtures Over Sensor Networks*

Sep. 2017 - Jun. 2020

### Bachelor's degree

Sichuan University, China

*Mathematics and Applied Mathematics*

Sep. 2013 - Jun. 2017

## Professional Experience

---

### Post-doctoral Research Scientist

Columbia University Irving Medical Center, USA

*Supervisor: Yifei Sun & Yize Zhao (Yale University)*

July. 2025 - Present

### Post-doctoral Fellow

Western University, Canada

*Supervisor: Grace Y. Yi & Wenqing He*

Oct. 2024 - Jun. 2025

## Peer Reviewed Publications

---

- 1 Yi, G. Y., **Hu, P.**, and He, W. (2022). Characterizing the COVID-19 dynamics with a new epidemic model: Susceptible-exposed-asymptomatic-symptomatic-active-removed. *The Canadian Journal of Statistics*, 50(2), 395-416.
- 2 **Hu, P.**, and Weng, Y. (2019). Accelerated stochastic variational Inference. In *2019 IEEE International Conference on Parallel & Distributed Processing with Applications, Big Data & Cloud Computing, Sustainable Computing & Communications, Social Computing & Networking (ISPA/BDCLOUD/SocialCom/SustainCom)*, 1275-1282.
- 3 Hong, W., Wang, W., Weng, Y., Luo, S., **Hu, P.**, Zheng, X., and Qi, J. (2018). Stock price movements prediction with textual information. *Mechatronic Systems and Control*, 46(3), 141-149.
- 4 **Hu, P.**, and Yi, G. Y. (2024). Causal Learning of Paired Vectors with Label Noise: Impacts of Mislabeling and Correction Methods. *Statistica Sinica*, In press.

## National and International Conference Presentations

---

- 1 2023 BIRS (Banff International Research Station) Workshop – Astrostatistics in Canada and Beyond: *Classification with Noisy Label: Bias Analysis and Correction*
- 2 2023 Statistical Data Science Conference: *Causal Learning of Paired Vectors with Label Noise: Impacts of Mislabeling and Correction Methods*, presented in June at the University of British Columbia Okanagan.
- 3 2022 Statistical Society of Canada (SSC) Annual Meeting: *Characterizing the COVID-19 Dynamics with a New Epidemic Model: Susceptible-Exposed-Asymptomatic-Symptomatic-Active-Removed*.

- 4 2022 International Chinese Statistical Association (ICSA) China Conference: *Understanding the Impact of Mismeasured Output in Causal Learning*.
- 5 2021 Statistical Society of Canada (SSC) Annual Meeting: *Causation Learning with Mismeasurement – Bias Analysis*.

### ***Poster Presentation***

---

- 6 The 2nd CANSSI-NISS Health Data Science Workshop at University of Waterloo, Canada: *Classification with Noisy Label: Bias Analysis and Correction*

### ***Other Public Presentations***

---

- 7 2025 Research Symposium in honour of Dr. Raymond Carroll at Western University: *Robust Neural Network-Based Methods for Classification with Input Noise*.
- 8 2024 Ph.D. thesis defense public lecture at Western University: *Statistical Learning of Noisy Data: Classification and Causal Inference with Measurement Error and Missingness*
- 9 2023 Ph.D. thesis proposal public lecture at Western University: *Statistical Learning of Noisy Data: Classification and Causal Inference with Measurement Error and Missingness*
- 10 2023 Graduate Colloquium at Western University: *Causal Learning of Paired Vectors with Label Noise: Impacts of Mislabeling and Correction Methods*.
- 11 2022 Research Symposium in honour of Dr. Raymond Carroll at Western University: *Understanding the Impact of Mismeasured Output in Causal Learning*.

### ***Prestigious Awards***

---

- Top Downloaded Article in 2022 for *The Canadian Journal of Statistics*  
Yi, G. Y., Hu, P., and He, W. (2022). Characterizing the COVID-19 Dynamics with a New Epidemic Model: Susceptible-Exposed-Asymptomatic-Symptomatic-Active-Removed.
- 2022 Junior Researcher Award  
International Chinese Statistical Association  
Awarded paper: “*Understanding the Impact of Mismeasured Output in Causal Learning*”
- Western University Graduate Scholarship  
*Sept. 2020 - Aug. 2024*
- 2017 Second prize  
Xiamen International Big Data Competition  
*Group leader*
- 2016 Honorable Mention  
Mathematical Contest In Modeling  
*Sponsors: Society for Industrial and Applied Mathematics (SIAM), USA*  
Institute for Operations Research and the Management Sciences (INFORMS), USA

## Teaching Experiences

---

- Guest lecturer: *Mathematical Statistics (SS 3858B)*  
Mar. 2023, *Western University*, London, Ontario, Canada
- Lecturing tutorial questions: *Intermediate Probability (SS 3657A)*  
Sept. - Dec. 2023, *Western University*, London, Ontario, Canada
- Lecturing tutorial questions: *Mathematical Statistics (SS 3858B)*  
Jan. - Apr. 2023; Jan. - Apr. 2024, *Western University*, London, Ontario, Canada
- Lecturing tutorial questions: *Calculus*  
Sep. 2018 - Dec. 2019, *Sichuan University*, Chengdu, Sichuan, China
- Lecturing tutorial questions: *Probability Theory and Mathematical Statistics*  
Mar. - Jul. 2018, *Sichuan University*, Chengdu, Sichuan, China

## Research Experiences

---

- Statistical Consultant: *Western Data Science Solutions (WDSS)*  
Sep. 2021 - May. 2022, Sep. 2023 - Aug. 2024, *Western University*, London, Ontario, Canada
- Analyzing medical data: *TEG Patient Clinical Data Plus TEG Data For ICU Patients*  
Jul. - Aug. 2023, *Western University*, London, Ontario, Canada

## Membership

---

- Statistical Society of Canada member, 2020 - *present*
- International Chinese Statistical Association member, 2022 - *present*

## Technical Skills

---

**Programming Languages**      R, Python, Matlab
